AB-CO PURGE specializes in the manufacturing of Z and Y Purge and Pressurization systems. They UL certified and FM approved to meet NFPA 496.

Multifunctional power quality meters for monitoring single and 3-phase power distribution and process application energy.

- Electric heat tracing cables, controls, and accessories for snow melting, roof de-icing, pipe tracing & floor heating
- Infrared heating

MTL products, part of Eaton's Crouse-Hinds series portfolio Controlling, operating and protecting assets in harsh and hazardous areas

- Intrinsic Safety Barriers & Isolators.
- Surge Protection - AC Mains & Control Circuits.
- Signal Conditioning Modules.
- Industrial Security (TOFINO) Devices.
- Fieldbus Wiring Components
- HART Interfacing.
- RTK Process Alarm Equipment.

- Reign Power UL508 Power Supplies
- Woertz terminal Blocks
- Voltage - Current Monitoring Relays

- WLAN Radio/Cellular solutions for harsh and hazardous environments.
- Audible and visual signals for hazardous areas
- Interface and control equipment for hazardous areaprocess plants
- Indication, display and visualization products designed to allow process monitoring and control in hazard-

Tie Down Straps weather and sunlight resistant and have a 750 lb test. The straps are color

- Microswitch (Honeywell).
- Chemicals - CRC, LPS & Chemtronics
- 3M Tape, Wire Nuts
- Hioki Test Instruments
- Rust-Oleum Paint
- Batteries - Duracell & Energizer
- RECTORSEAL - PVC cement & Firestop
- Fasteners & Tools
- Mueller Clips
- Switches
- Terminals
- Indicators
- Contactors
